

PARTS & ACCESSORIES

FOR TEXTILE INDUSTRIES

TEXO Bangladesh
Trade and Commerce

 38, Paribagh (2nd floor) new road Banglamotor
Tel: +880 2 9614252, Cell: +8801713-035477, E-mail: shp@texobd.co

Texo Bangladesh supplied own developed quality parts & equipment to boost your efficiency, We offered the required high-quality & measured parts based on several Brands, As follows:-

HYDRAULIC DYEING & FINISHING PADDER

- Designed Rubber From Reputed Brand or Choices with High Temperature & High Acidic Resistance
- Long working life
- Simple design for easy maintenance

BANANA / BOW ROLLERS

- Designed for High temperature & High Acidic Resistance
- Long working life
- Simple design for easy maintenance

WEFT STRAIGHTENER BOW ROLLERS

- Designed for High temperature & High Acidic Resistance
- Long working life
- Simple design for easy maintenance

SQUEEZER RUBBER ROLLERS

- Designed Rubber From Reputed Brand or Choices with High Temperature & High Acidic Resistance
- Long working life
- Simple design for easy maintenance

STEAMER PERFORATED SS ROLLER

- Designed for High temperature & High Acidic Condition
- Long working life
- Simple design for easy maintenance

Texo Bangladesh supplied own developed quality parts & equipment to boost your efficiency, We offered the required high-quality & measured parts based on several Brands, As follows:-

STEAMER PERFORATED SS ROLLER

- Designed for High temperature & High Acidic Condition
- Long working life
- Simple design for easy maintenance

SS ROLLER

- Maintained Measurement, Quality SS 304 or 316L Based on Application
- Long working life
- Simple design for easy maintenance

DOSING SYSTEM,

- Automatic or Semi-Automatic
- Long working life
- Simple design for easy maintenance

WASH BATH WINDOW GLASS

Advantages:

- Long working life
- Simple design for easy maintenance

MAIER ROTARY JOINT

Advantages:

- Long working life
- Simple design for easy maintenance

Texo Bangladesh supplied own developed quality parts & equipment to boost your efficiency, We offered the required high-quality & measured parts based on several Brands, As follows:-

CHAIN TENSION SPRING

Advantages:

- Long working life
- Simple design for easy maintenance

CYLINDER DRYER

- 800 Ø with Teflon Coated
- Long working life
- Simple design for easy maintenance

FILTER

- Long working life
- Simple design for easy maintenance

AUTOMATIC PH SENSOR

- Online application to save huge amount of acid & organized
- Long working life
- Simple design for easy maintenance

KEB / SIEMENS / MITSUBISHI INVITER

Advantages:

- Long working life
- Simple design for easy maintenance

Texo Bangladesh supplied own developed quality parts & equipment to boost your efficiency, We offered the required high-quality & measured parts based on several Brands, As follows:-

**STEAM CONDENSATE TRAP &
WASH BATH MECHANICAL SEAL**

Advantages:

- Long working life
- Simple design for easy maintenance

**GEARBOX WITH MOTOR &
PNEUMATIC ACTUATOR
BUTTERFLY DRAIN VALVE**

- Long working life
- Simple design for easy maintenance

VACUUM PUMP

TYPE: GVP 230/120 -1462,
P:- 213 MBAR,21.3A MADE IN TURKEY.

**RESISTANCE THERMOMETER
PT100**

Advantages:

- Long working life
- Simple design for easy maintenance

LOAD CELL & ANGLE SENSOR

Advantages:

- Long working life
- Simple design for easy maintenance
